RATTLE SNAKES

E. . Simmang killed two rattle snakes the past week, which are to be seen (stuffed) in the show window at Schneiuer's store. They were killed on his farm (Buck Cheek place) in Beat Five. One measured 7 ft. long and 9 inches in circumference. The other was slightly smaller. They were a pair and one was more than twenty yrs. old. They are the largest rattle snakes ever seen here, and are monster snakes.
