

The Giddings News

June 6, 1924

A CORRECTION.

In announcing the weights of the twins born last Thursday to Mr. and Mrs. John Knox, the editor was not fully informed as to their correct weights. The youngsters weighed 7½ and 9 pounds, each, and are robust and seem to be enjoying the best of health. Mrs. Knox is also doing well, much to the delight of her many friends. John, well, he's the same John, but he's different. The names of the twins are Robert and John. *AS*
