

Bumble Bee Cause Of Accident Here

A freak accident happened in Giddings Saturday afternoon when Joseph Heim, 25, of Bryan A.F.B. was driving a 1948 two-door Plymouth south on North Main and ran into a 1940 Chevrolet two-door driven by Pete Basques, 17, of Giddings.

Heim was driving along when a bumble bee flew into his car, while he tried to catch it with his handkerchief, he lost control of the car and ran into the rear of the Chevrolet driven by Basques.

City Marshall Rudi Simon reports that Heim had all the evidence — the crushed bumble bee in his handkerchief.

Damages to the Chevrolet were reported at \$5 and to the Plymouth at \$200.
