
The Old-Timer Leaves Sunday

Harry Beach, "tourist printer", and better known as the 75 year old boy, has been with the Giddings News-force the past two months will make his departure Sunday.

He is a good printer and is fast "at the cases." He is dependable and trustworthy and always receives the glad hand where he has once been. He has a complete line of jokes and stories and when he and Sterling Hillsman meet, it is a question of endurance as to who will tell the last one.

His destination is the border—the sunny Rio Grande country, and he wants to be there before the first norther blows. He dislikes being so far upstate at the first sign of winter.

We hope that he can pay us another visit next year when spring opens, and we shall be glad to see him.
