Kicked by Horse

Willie, the three-year-old son of Mr. and Mrs. E. C. Behrens of Grassyville was kicked by a horse last Friday and was taken to Austin that night. An operation was performed and a piece of bone one and one half inches long and one inch wide was removed, and also some pieces of shattered bones. He recovered from the operation and is doing well at this writing (Thursday).

The little boy was going to the crib in company with an older brother. In passing through the horse lot a horse kicked at a mule and kicked the boy on his head slightly back of the right ear, fracturing the skull.

Mr. Behrens and family have the sympathy of a wide circle of friends who regret to learn of the accident and wish a speedy recovery for the boy.
