Dime Box—We had a glorious rain which revived things. Mrs. W. R. Nunn and the little son of Mr. Armstrong died of black jaundice. Mrs. G. E. U. Huckaby was buried a few days ago. She leaves two little girls. Mr. R. A. Knox's little Johnnie has been real sick this week, but is now better. L. K. Billingsley has returned from an extended trip to West Texas. He is carried away with that country and will move there. A new school house will be begun in a few days. It will be ready by Oct. 1, if all who sub-

scribed to the fund will pay up. We expect to have one of the best schools of the county and invite all that want to go to school, to come. They can get board cheap. If there is anyone who wishes to rent homes here, there are several vacant. Dime Box will get a boom this fall. Prof. Buckner Harris will be our teacher and we all know his record for a good school man.
