An Old Friend.

John Blasig of Serbin called on the editor Monday. It has been several years since we two last saw each other and much water has gone down the river since then for both of us. Mr. Blasig is totally blind and the affliction came on him suddenly about three years ago. He is able to get about only with the assistance of Mrs. Blasig. John is one of Lee County's thrifty farmers and he is a man of outstanding character and influence. The editor joins the many friends in wishing Mr. Blasig peace and good cheer in his condition.
