## Letters From Our Readers LITTLEFIELD, TEXAS

August 3, 1953

Giddings Star, Giddings, Texas Dear Friends:

Want to let you know that it is still dry on the Plains. The rains last month were by no means general and in many parts of West Texas it is still too dry to even plant.

We are asking the gracious God to send us good rains. If it does not rain our future does not look good,

Regards, John Bohot.
