

## **Lee Coordinator Expresses Gratitude**

The Lee County Vocational School operations have been combined with those of the Bastrop County Vocational School. The Lee County Coordinator, F. B. Curry, Giddings citizen and civic leader for the past eight years, will be employed as Agriculture Teacher for Burton High School, beginning July 1. F. C. Willard will teach in Lee County for the Bastrop Vocational School.

"I wish to convey my thanks and express appreciation to all who have contributed to the success of the school's work which has had outstandingly favorable results. This outstanding success would not have been possible without the cooperation of all the Lee County people. Business men have been very agreeable and patient with the school personnel and students. Both the Giddings banks have been extremely helpful. The students themselves are to be commended for their interest and application of lessons learned."

During Curry's stay in Giddings, he has taken part in numerous minstrel shows, plays, and other entertainments, and has worked with civic organizations both city and county-wide in bringing publicity to the town and county.
