## **Injured In Truck Accident**

E. A. Domaschk of Giddings was painfully injured in a truck accident while driving to Manheim Monday afternoon.

He had driven into a rut and in trying to get out of it he lost control of his pickup truck and drove down a steep embankment into a 6 ft. deep ditch. Fortunately his truck did not turn over.

Mr. Domaschk received a painful gash on his forehead, broke several ribs, and apparently fractured one of his legs.

Neighbors working in the field heard his call for help and brought him to town where he was placed under medical treatment. Although painfully he does not seem to be seriously hurt.
