NEW ENGINEER IN CHARGE

Mr. and Mrs. H. M. Dyer have moved to Giddings and are with Mrs. Beulah Brooks. Mr. Dyer succeeds Mr. Crofton as project engineer for state highway work in Lee County. He comes from West Texas where he said he was tired of sandstorms and that the trees here look beautiful to him. Their two children will join them as soon as school closes in Austin. Mr. Dyer seems quite capable in his work and says the work done in Lee County is splendidly done.
