H. B. EMMRICH ANNOUNCES

To the Citizens of Precinct 1:

Quite a few from over the precinct have asked me to make the race for County Commissioner, and I have announced.

I have served the City of Giddings as Commissioner the past five years and, being a mechanic, I was in charge of the water works department. I am also familiar with public work and am now engaged in building the bridges on Highway 44 in Fayette County.

I believe in good roads and an economical, efficient administration of the county's business. If elected, I promise to serve all the people of the precinct to the best of my ability, and to give the business of the county my best attention.

Thanking you for your support, I am,

H. B. Emmrich.
