**FRED F. FISCHER
ANNOUNCES**

To the People of Precinct 1:

I am making the race for County Commissioner, Prec. 1, and here are some of the planks in my platform—

I will try to let all road contracts to home people.

I will try to cut down all expenses as much as possible on account of present conditions.

I favor reducing the salary of all county officers, including the commissioners.

I favor reducing the assessed valuation of all property over the county that our taxes may be lowered.

I favor employing a County Agent when the matter is submitted to the people.

I am in favor of good roads as far as conditions will permit.

Soliciting your vote and influence, and thanking you, I am,
Fred F. Fischer
