**IS IT ONE . . . OR IS IT TWO?**—Dr. Horace Willard had quite a time late Tuesday night bringing this eight-legged, two-headed creature into the world. The calves (we presume it's two) were delivered by Caesarean section at about 11:30 p. m. Tuesday. They were dead on arrival. The cow belongs to Louis Fischer of Route 1, Giddings. Above picture was made Wednesday noon at Dr. Willard's clinic.
