Giddings Boy Honored

Lewis Foster received a 17 jeweled Waltham gold watch Saturday as the third prize offered by his firm for sales for the quarter just closed. The watch is a beauty and is engraved as a token from the firm. Lewis is to be congratulated on his success, especially when there are more than two hundred salesman working in the United States for the firm. He lost a week on account of the death of a relative, otherwise Lewis says that his chances for a higher prize were good. He was successful in getting a territory where there is a large Mexican population who wear a special kind of hat the greater part of the year, and this helped his sales. There is a certain "turn" in all things, even to being a drummer.
