BOY SHOT

The eight year old son of F. H. Grimm of the Concord community was accidentally shot by a 22 caliber rifle in the hand of a son of Ernst Ansohn of the same neighborhood. The boys were playing and the trigger was unthoughtedly pulled, the bullet entering the lower bowel and penetrating the intestines in four places. An operation was performed Sunday night and the bullet which had lodged in the appendix was removed. The little boy is resting well and is free of fever and his conditions are quite favorable for a steady improvement.
