To Move to Giddings

Mr. S. R. Hereford of Hempstead has purchased a part interest in the Giddings Manufacturing Company, and will move with his family here and begin work April 1. He will have the management of the production end of the plant which supplies electric lights and power, water, ice and creamery products. He has been associated with Mr. Darter for seven years and Mr. Darter says he is glad to get him to assist him in the plant as still more improvements are contemplated to the end of giving 24-hour current every day next summer. Giddings is installing quite a lot of electrical power machinery, the latest additions being Schneider's Cafe, P. H. Luecke and Company and the Magnolia Filling Station. Mr. Hereford's family consists of a wife and two children and they will move here as soon as they secure a residence.
