

The Giddings News

August 1, 1924

Albert Hillsman will leave Sunday night for Houston where he has employment as office man in a lumber concern. He has been in charge of the Magiolia drive-in filling station since it was opened in Giddings and is leaving to accept a more responsible and better paying position. His many Giddings friends wish him success in his new location. His successor at the filling station has not been announced, as yet.
