**OUTSTANDING DUROC
JERSEY MALE**
—o—

Swine producers of Lee County will have access to an outstanding Duroc-Jersey male as one was received here Saturday by Mr. Herman Kieschnick of Lincoln from Des Moines, Iowa.

This hog was selected by the Secretary of the Iowa Swine Breeders Association, and who was also judge of the Swine Show at the State Fair this fall.

For the past several years there has been much progress made in breeding up the hogs in the county particularly by the 4-H and FFA boys. Bringing this male to the county will be another step forward in the county hog program.
