

***The Giddings Star***

January 29, 1953

**Welcome to Giddings**

We welcome Dr. and Mrs. Kenneth McEnroe to our little city of Giddings. They live in East Giddings on Austin Street in the P. H. Luecke apartment house, better known as the former G. E. Kelly house.

We hope this new family for Giddings will like our little city, and will be with us for a long time.
