Returned from Army.

Ludwig Melcher has returned to the home of his parents Mr. and Mrs. John Melcher of Fedor after completing his 3-year enlistment in the army. He was in the artillery service and stationed at Marfa. He has not yet decided whether he will return or not. His Dad put him to work on the farm and the first day he developed blisters in his hands from shoveling manure, the second day he plowed until noon and gave out because he was not used to walking. So farm life may or may not hold him.
