**CHILD'S HAND INJURED**

Minnie, age 5 years, daughter of Mr. and Mrs. John Melcher of Fedor, happened to get her hand caught in a molasses mill which her father was operating at his farm home. She was passing from the stack of crushed stalks by the mill which was driven by a gasoline engine, and somehow threw her hand into the mill. Two fingers of her left hand were mashed off at the tips, one at the joint and the other at the nail. She is about having received medical treatment.
