**RAILROAD MEN  
TRANSFERRED**

Trainmaster J. J. Moore and Clerk L. W. Neumann were transferred from Giddings to Austin, effective yesterday, Thursday. Mr. Moore will continue to work in and about Giddings but his office will be in Austin instead of Giddings. His family will continue to live in Giddings for the present at least. This will be good news to their many friends in Giddings. Mr. Neumann also had many friends in Giddings who are glad that he has received a promotion, but regret to see him leave Giddings. He is a capable and efficient office man and his friends wish him well in his new location.

It has not, as yet, been definitely determined what the line-up at Giddings will be. Several matters are pending, the outcome of which will determine the situation in Giddings, where the business is, but where the division headquarters are not.
