A DIXIE TALLYHO, a seating assembly with canvas canopy, has been presented to County Agent Brown O. Spivey by the Citizens State Bank. The assembly, which has three padded benches and metal framework covered with canvas, has been fitted to the pickup truck being used by Mr. Spivey for 4-H Club work in the county. The Tallyho with its sides which may be lowered serves as protection for 4-H Club boys which Mr. Spivey frequently takes on trips in the truck. Paul Nerger, president of the Citizens State Bank, and Mr. Spivey are shown discussing the new feature's advantages.
