FIRST VISIT TO TEXAS

Mrs. George Richter of Lincoln, Missouri, is visiting her brother Prof. Theo. Schroeder at Fedor. This is Mrs. Richter's first visit to Texas and she says she is really surprised to find that Texas people have so much to eat. She had had, as is customary with people who do not know Texas, various ~~and vague ideas about Texas~~ but she says she is agreeably convinced now that it is a good state. ~~She says Prof. Schroeder~~ has not reformed much after being in Texas, as he was always a good chap.
