**Big Turnip**

Mr. Andrew Schatte who lives on Rabbs Creek near Giddings brought some extra fine turnips to town trades day and offered them for auction, the proceeds to be given to the German Relief Fund. They brought several dollars. The largest turnip weighed 7 pounds exactly and was 25 inches around. They are wonderful products for any section and if Lee County could have held a fair this Fall there would have been many displays of garden and field crops. Mr. Schatte is a good gardener, but he gives his wife the credit for it.
