

The Giddings News

December 8, 1922

Gus Schroeder of Hedrick, Okla. was in the office Monday subscribing for the News. He made a hard drive in an auto from Sweetwater to Giddings, leaving there Friday afternoon at 4 p. m. and arriving in Giddings Saturday afternoon at 3:30. He was accompanied by his brother Martin and they drove all night, making the distance of 349 miles in twenty three and one half hours. Prior to coming here they drove to Sweetwater a distance of 250 miles in 11 hours. The boys say that when you live in Oklahoma, 100 miles by auto is just a drive before breakfast.
