**CITY OFFICERS CLOSE WORK**

City Commissioner A. J. Bolsins has tendered his resignation, effective last week. His daughter Miss Gloria has been appointed clerk-stenographer in the office of the City of Giddings and the anti-nepotism law prohibits him continuing in the office. Mr. Bolsins has helped put the city-owned light and power plant on a substantial footing where it will be paying its way and also providing some other benefits to the city, so he feels that he has done his duty and is willing to resign the office.

Mr. J. W. Tate who has been city secretary for about twenty years will relinquish that office, effective April 1. He feels that his private affairs will require the most of his time and that he owes it to himself to take life easier than he has been doing. He has made a good officer and doubtless will enjoy private life with plenty of time to look after his cattle and ranch interests.
