ROY I. TENNANT

Candidate for
RAILROAD COMMISSIONER

Roy I. Tennant of Bell County served as a member of the State Board of Control for six years, being appointed by Gov. Miriam A. Ferguson. He had charge of all purchases for all State Departments and Institutions, and during his six year term these purchases totalled between One Hundred Fifty and Two Hundred Million Dollars. During his tenure of office he served under Mrs. Ferguson, Dan Moody and R. S. Sterling, and the records he made are well known to Members of the Legislature and Senate and to all those who came in contact with the Board of Control. He is basing his candidacy for Railroad Commissioner on Economy and Efficiency, and promises to give this office of Railroad Commissioner, if elected, the same careful consideration as he did as a member of the State Board of Control.
