**Dr. Vickers Named
Co. Health Officer**

Dr. A. F. Vickers was appointed County Health officer of Lee County by the Lee County Commissioners Court at their regular monthly meeting Monday, April 13.

The appointment was made after the court accepted the resignation of Dr. R. B. Burns as county health officer.

Dr. Burns stated in his letter of resignation that he was resigning the position because of the pressure of his own private practice. He recommended the appointment of Dr. Vickers.

Dr. Burns served as county health officer since the death of Dr. H. G. Hertel in Nov. 1946.
