**GIDDINGS GIRL SPEAKS
SPANISH "FOR HER
SUPPER" AT TSWC**

Denton, Feb. 5.—"We Learn to Do by Doing" says the the lassies at Texas State College for Women, and Miss Hazel Marie Waterman of Giddings practices this college motto by eating in the Spanish dining room where only Spanish is spoken. As a part of their Spanish course, students eat in this special dining room once a day to improve their conversational ability in the language. English is absolutely taboo during the meal.

Daughter of Mrs. Marie D. Waterman, Miss Waterman is a freshman student majoring in costume design.

Eating in the Spanish dining room has the added advantage of conversation with many of the students from Spain and Mexico enrolled at TSCW who eat with the group and speak the language fluently.
