

The Giddings News

August 21, 1914

A. E. Gerlach was in our city this week from Kerrville on his home at Livingston. Mr. Gerlach was making the trip in his Overland car and found the roads pretty bad between Smithville and here, at places the axle would drag the ground. He is an old student of Austin College (Sherman) where he made quite a record in base, and foot ball. He remained over here a short while with W. E. Williams, Jr., who is also a student of the same school, and has made some record, also in base ball.
