**J. F. WILSON ANNOUNCES
FOR COMMISSIONER**

In placing my announcement before the voters for the office of County Commissioner for Precinct No. 3, I do so after due and careful consideration.

This is the first time I have asked for a public office. I was raised in this community and have always been interested in good roads.

I feel that I am qualified to take over the full duties of the office and to give to the people good, careful and economical service, looking at all times after the best interest of the people of Lee County.

If elected I shall use every effort to reduce the expenses of the government and place the tax rate as low as possible, being careful to see that the tax money is not wasted.

To the laboring man, I especially ask your support. These thirty-eight years of farm and public work certainly qualify me to know and appreciate your position.

I appeal to my friends and to every voter for consideration and will be glad at any time to answer any question regarding my position concerning the county government and greatly appreciate every vote cast for me.

Thanking you, I am,
Johnnie Wilson.
McDade, Texas, R. F. D.
