**YOUNG LADY
TRAPPED IN VAULT**

Miss Bernice Winkler who is employed at the REA. in Giddings, was trapped in a vault Saturday of last week. After the closing hour, she and some other young ladies were passing the open vault. Miss Bernice said she wanted to see how it worked. She was inside the vault when the lock closed and the blow torch was required to open the lock while she was within the vault for over an hour. She almost suffocated but fresh air was forced into the vault.
