**Model Poultry Farm
for Lee County**

Dr. W. E. York plans to convert his farm above Lincoln into a model poultry farm. He has secured G. C. Birkmann son of Rev. G. Birkmann of Giddings and beginning August 1, they will make preparation to take care of many high grade chickens, turkeys and hogs. Two artesian wells each with a strong flow of water have been developed on the place and the doctor says that his plans are to fix up a first class poultry farm.
