

BRIAN ZOCH

Region #1 Coordinator, TX

Texas is a big state! Nobody knows this better than Brian Zoch. He joined HB2000 as TX State Coordinator, attending LP functions throughout the state to distribute campaign materials and recruit volunteers. He soon realized that organizing Texas was a herculean task and proposed an innovative solution. Today the state is divided into three regions; Brian leads Region #1. Brian has ambitious goals for his region. Harry will be in Dallas/Ft. Worth August 16th-18th for an outreach/fundraising event and Brian is determined to organize a crowd larger than the one which recently gathered in Atlanta. He has been invaluable in assisting Laura Carno, HB2000 Event Planner, to arrange logistical details and arrange media contacts. We are confident Brian's direction will guarantee a memorable and successful event! Brian also has a unique ability to "rally the troops." He encourages volunteers to write reasoned letters to print and online journalists demanding inclusive and balanced coverage. He is adept at focusing his outrage at the political status quo to promote sensible debate and questions from people unfamiliar with Libertarian positions. We are fortunate to have Brian on our team!
