

## Introducing Five New Stylists for Isbell-Powell

**Al Bevers**

Skill, experience and a sharp eye on today's mod fashions are obvious with Al. Al is at our 50th Street Salon (when he's not out playing golf). Al is in charge of our new "late shift" which takes appointments 'til 8:00 p.m.

**Pat Zoch**

Pat recently graduated with honors, and has rapidly become one of Lubbock's most popular hairdressers. You'll enjoy the professional, yet personal touch when your hair is styled by Pat at our 50th Street Salon.

**Anna Ramon**

Anna joins the 50th Street Staff after several years experience as a hairdresser in Mexico. Her training at Isbell's University added the latest fashion touches to her skill as a hairstylist.

**Gayle Morris**

Gayle is another Isbell's University graduate (we keep the best for ourselves) and is now working at our Town & Country Salon. As a student, Gayle proved to be exceptional, graduating as one of the first "Advanced Students."

**Ali Winters**

(Her mother still calls her Alice) Ali comes to us from Dallas and believes in free-flowing, easy-to-care for styles. She hates the stiff, plastered look, and feels each person is a unique individual and should have the style and length best suited for her personality and activities. Ali is at Town & Country.

Let us tempt you to try our new stylists with a **free** protein conditioner (reg. \$4.50) with each shampoo & set from these experienced hairstylists.
