

*Cummins Creek Watershed Association Directors*

Here are the directors of the giant, two million dollar Cummins Creek Watershed project. Involved are three soil conservation districts, Burleson - Lee; Bastrop - Fayette; and Colorado Soil Conservation Districts. The Cummins Creek Project has been given top priority in the small

streams projects under Public Law 566. The above group will direct the formation of a Water District, which, in turn, will take charge of the 10-year project. Pictured left to right are Edwin Jaeger, Giddings; Don Nagel, Round Top; Fred Placke, Giddings; Theo. Schultz, Frelsburg; Fritz Mei-

nen, Round Top; Dr. A. George Owen, Round Top; Kermit Eichler, Frelsburg; Howard Fuchs, Carmine; Kermit Blume, Ledbetter; L. W. Noack, Fayetteville. Not pictured is J. B. Crowley, the other director.
