Big Day at Dime Box

Many persons were in attendance at the barbecue celebration given by the S. P. J. S. T. lodge at Dime Box Wednesday. Plenty of music was played throughout the day and a big dance was given at night. The only accident that marred the pleasures of the day was when Grover Reat happened to get his leg broken. He was playing in a game of baseball between the Dime Box and the String Prairie teams and in a collision with another player, both bones of one leg were broken above the ankle. He was given prompt medical attention and taken to the Cameron hospital. The day was hot, but the crowd did not mind the heat so much because of the occasion of meeting old friends and otherwise enjoying themselves.
