

The Giddings News

March 14, 1941

DIME BOX

Dr. Dan Schuhmann and family of East Bernard visited home folks here Sunday.

Mr. and Mrs. August Spacek were in Giddings Saturday.

Mrs. Harry Stallworth and two children, Wifet and Leah, of Marlin visited relatives here several days last week. Mr. Stallworth came after them Friday. Mrs. Stallworth was formerly Miss Emily Reat, former resident of this place.

W. R. Standefer spent Satur-

day in Houston.

Everyone is in hopes that it doesn't rain again soon but we had more rain again last week and cold weather and high winds from north and south. It seems that folks will be late

about getting started at planting etc.

The mattress program is about to get under way here. A good many will be made here this year at the mattress center.
