(Mrs. Albert Harzke, Rept.)

"An outstanding patriotic duty of the people of the U. S. is to raise enough food to meet their own needs plus an additional amount to help feed the man power of the United Nations and to make victory possible in this time of war," was an impressive statement given by Miss Ruby Mashburn, Dist. Agt. of the Extension Service of Texas A. and M. College, in a meeting held Feb. 19, in the home of Mrs. Albert Schuhmann. Not only should a sufficient amount of food be raised, but everyone should try to make their home as comfortable, convenient and healthful as possible and to use what materials are on hand most efficiently with the greatest of care as long as possible.

A very interesting demonstration on accessories for the business center* in the home
