DIME BOX

Mr. and Mrs. Guy M. Attaway had as guests their son Wallace and wife of Logansport, La. This was a farewell visit to Wallace's parents for a while as he will enter the army on the 11th from Louisiana.

Emil Kubena visited his home folks here Sunday.

Don Phears and family of Houson were week-end guests of Don's mother, Mrs. Callie Phears.

Mr. and Mrs. Ricketson and children left Monday for Minerva where Mr. Ricketson has a job as pumper. They were recently at Krunk Lake in that business but the pump station there has been discontinued after having been in operation there almost since the R. R. came through here. A fine artesian well is located there but it has been reported that it will be closed up. It has been a favorite location for picnics and fishing parties for many years, being ideal for the purpose and it is with regret that we learned of its closing.

Mrs. George B. Wheeler and daughter Dorothy Nan, and Lelia Ruth visited relatives here over the week-end.

Mrs. Essie Rivers and daughter Nell of Logansport, La., visited Mrs. Rivers' brother Guy M. Attaway and family several days.

Arnold Kocurek of San Antonio was a visitor here Monday.

The county meet is to be held somewhere around the last of March. The war causes other things to be almost forgotten.

Some more of our boys will leave for the army next week.

Mrs. J. S. Reat is at the home of her daughter Mrs. W. R. Standefer for awhile.
