The Presbyterian church is shining with its new paint and its appearance is very much improved. Dr. Duff delivered a sermon at 9 o'clock every evening last week and painted every day also until the work was done. It took 4 days and most of the work was done by Dr. Duff and members of the church. Some members hired their part of it. A number of the ladies gave the inside of the church a thorough cleaning and a splendid spirit of co-operation was shown. We especially appreciate the inspirational sermons from Dr. Duff and the diligence he showed in assisting with the actual work done by painting.
