

DIME BOX

Frankie Riske left Wednesday to resume his work as a sailor. He was glad to have been home and have a visit with home folks and friends, having never been away for any length of time before. He is looking well and the navy life seems to agree with him.

The Gulf Storm hit here Sunday, doing some damage, blowing out considerable cotton but no serious damage was done.

Cotton picking is in full swing and a good crop is being harvested by a number of our farmers. The showers have slowed down the work some, however.

Rev. Tillmanns, Pastor of the Lutheran Church here, gave his service in English Sunday afternoon.

Harry Kyle, son of Mr. and Mrs. O. A. Kyle is at home for a few days. He has joined the Navy and is waiting for the final call for his departure.

T. J. Kyle, 2nd son of Mr. and Mrs. O. A. Kyle also joined the Navy and will be in the pharmaceutical department. He and his family were residents of Rockdale and his wife and two small children have come to Dime Box for the present to live with Mr. and Mrs. Kyle during T. J.'s absence. This makes three sons of this family to be in the service, another son, James Kyle having been called to the army in February. James was placed in the Medical Dept. and was given three months of training as a Dental Technician, finishing in July and is now located at the new camp in Gainesville, Texas.

Mrs. Goree of Caldwell will fill one of the vacancies in the school system. It is not known as yet who the other new teachers will be, but school starts in two more weeks, we understand.

Mesdames Webb Jones and Joe Novak of Houston are with their parents Mr. and Mrs. Edd Riske for awhile.

Mr. and Mrs. W. B. Williams and two children Walter Jr. and Anne attended the marriage of their daughter, Thelma in Houston to Mr. Chester Hall of Houston recently. The impressive double ring ceremony was read by Rev. Parker at the Heights Presbyterian church. Members of the immediate families attended. The young couple will make their home in Houston.

Frank Krupa passed away last week in a veterans hospital in Dallas. He was buried in the Roman Catholic Cemetery here last Friday. He is survived by his wife and four children—three daughters, Frances, Anne, and Delores, and one son, known as "Sonny" by the family. Frank had been in bad health for several years, was a world war veteran and having been gassed had never seemed to be very well. He was a very fond and loving father to his four fine children and will be missed by his whole family.
