ELGIN POST OFFICE-ROBBED

Burglars entered the post office at Elgin Saturday night who smashed the front door and chiseled the combination to the safe off. They secured an amount of cash which had not been estimated, but left \$200 in cash in the door of the building as they made their escape. A large sum was reported taken and also registered mail and valuable papers. Several other robberies were reported in other Central Texas towns last week. Postoffices in Elgin, Bartlett, Bertram and Giddings have been entered the past few nights.
