

**FEDOR ITEMS**

Rain, rain and rain again, that's what we have been having the last few days. The creeks have been out of banks and did some damage in the fields, also some bridges have been washed out.

There was a good deal of corn planted before the rain, which now will have to be planted over. Also a good many Irish Potatoes have been planted.

There is not much farm work to do now, and so Jack Rabbit hunting is going on and they are plentiful around here. A good many have already been killed, and as we know they are also affected with ticks, Therefore it is an easy way to kill 'em instead of driving them to the dipping vats.

Herman Jenke was in Lexington on business Saturday.

Mrs. And. Symank and children from Thorndale were visitors at the home of Cary Symank Saturday and Sunday.

Mrs. Carl Symank is on the sick list.

The following boys and girls will be confirmed on Palm Sunday by Rev. G. Birkmann:

**BOYS:**

Erich Patschke  
Erich Drotche  
Carl Melcher  
Erich Mann
