Fedor School

That was a young refreshing norther. Our farmers were happy to be able to thrash their peanuts so well. - According to the report in the *Taylor Times*, Taylor soon will be getting a textile factory, which will employ about 60 people. - Pastor George Kreuger, who served the St. Paul's Congregation in Taylor for about two years, has left Taylor to take over Bethel Memorial Lutheran Church near San Antonio. - Taylor hopes to soon get a Junior College of its own. Who would think that Taylor is not a progressive little town? I would hope that Giddings would soon have a hospital.

With greetings to all!
