The recent issue of the *Taylor Times* reported that the City Administrator, G. Richards, and the City Engineer, Carl Grau, both from Taylor, had resigned. The first quit his job on June 30, the latter on April 1. - Karl Kreidel, 68, from Coupland, Williamson County died recently. He is survived by his widow, one son, a daughter and 13 grandchildren, one brother and 5 sisters. The deceased was born in Waldeck, Fayette County. Pastor Mohr conducted the funeral.

The spring month of March has not brought any honor to its name. Such a cold one!

In the new weekly business paper for true liberals, "The Texas Spectator" in Austin, there was an article entitled "Bob Calvert and Class Legislation," which I recommend for all the liberals among your readers to read as a good lecture. They will be happy to read it, just as I was. As an aside, in the last election, the Spectator supported the defeated candidate for governor.

With greetings to all! F. Kloppe Rt. 1, Lincoln
