**BURGLARS BUSY
IN GIDDINGS**

Burglars entered the Giddings post office Tuesday night by prying up one of the front windows. The knob to the safe was knocked off and the two handles to the doors of the safe were bent in an attempt to open the door of the safe. The safe was not entered. The same night the Lee County Motor Company's building was entered by prying up a side window. Three other windows were tried but they could not be raised sufficiently high because the ~~knobs~~ had swollen from the ~~ice~~.

The knob of the safe was knocked off with a sledge hammer and the combination removed. The door was then easily opened and what money that was in the safe was taken. A number of papers were left scattered about on the floor, among them was left a \$5.00 bill and some nickels. No clue has been found up to this time.
