

## Grassyville News

Special Correspondence to the News

(Too late for last week)

The farmers in this section have harvested all their crops, except the potato crop. While the yield of cotton was cut short, yet many of these energetic farmers are likely to go hungry.

The Grassyville school has been in session for the past two weeks, and the boys and girls of compulsory age are in full attendance, and seem to be glad to be engaged in the business of gaining knowledge.

Mr. August Steinbaclt, the president of the school board has just returned from Monday, Texas, where he has been prospecting, and visiting a brother.

Mr. Otto Hoffmann, another member of the school board, has just returned from a business trip to Manor.

Rev. Richard Gammenthaler and Mrs. Gammenthaler, and three children have just returned from the West Texas Conference, which was held at San Antonio. They report having had a pleasant time and having been entertained by hearing fine sermons. Much to the regret of the whole community, Rev. R. Gammenthaler leaves the Grassyville charge soon to take the Fredericksburg work. Rev. Vitters, now of Fredericksburg will serve the Grassyville charge. As he is well and favorably known in this community we bespeak for him a welcome, and a good year's work.

Mr. Henry Stuessey has also returned from attending the West Texas Conference. He enjoyed the Conference so much that he hopes to be sent to the next one.

Mr. and Mrs. Louie Stuessey and family are visiting relatives in Copperas Cove.

Mr. Paul Berger is reshingling his house. He is one of our best farmers, and a member of the school board.

Mr. Robert Miertschin has ginned about all of the cotton of this community, and is now adding some improvements to his nice cottage home.

Mr. E. I. Lawrence, our enterprising merchant, is trying to help the farmers all he can by buying their produce at good figures.

Mr. Gerhard Schutte is moving to W. G. Bright's farm, west of Grassyville.

W. G. Bright is slowly recovering from a severe operation which he underwent recently at the City Hospital in Austin.
